

Dear Friends of GBF,

At the Grossman Burn Foundation (GBF), our goal is to support burn survivors and their families through comprehensive medical care and a circle of support. GBF also serves senior citizens, children and many other high-risk groups by delivering education and burn prevention tools. GBF's programs including Project Faith, Senior Burn Prevention and Education, Family Camp, and others make a difference in people's lives. With your help, we can reach so many more by 2020.

Our local and global mission to promote effective, sustainable partnership solutions for the comprehensive treatment, care, and support of burn survivors and their families is further helped with *your* support for the following programs:

Project Faith

Kechi Okwuchi

Burn Survivor and "America's Got Talent" finalist, Kechi Okwuchi, joined the GBF for a series of reconstructive procedures and recovery therapies to alleviate ongoing mobility problems with her arms and neck and other issues since her accident in 2005. GBF and its partners created an individualized surgical plan and network of care for Kechi. Over the course of six

months, they would execute this plan, ultimately creating a better quality of life for Kechi. GBF aids burn survivors, such as Kechi, making it possible for those in need to obtain necessary medical, emotional, and psychological treatment.

Senior Burn Prevention & Education

GBF educators have conducted countless workshops throughout Ventura and Los Angeles Counties, educating seniors on why they are at higher risk of burn injury and severe complications, the differences between 1st, 2nd, and 3rd degree burns, and the more common categories of senior burns; including smoking fires, kitchen burns, scalds, heating, electrical, and other household burns.

For further information about GBF's Senior Burn Prevention & Education program or to schedule a workshop, please visit: <https://grossmanburnfoundation.org/seniors>

GBF Educators

Burn Survivor Family Camp May 2019

Burn Survivor Family Camp, in its 15th year, held again at Lake Hughes, connects burn survivors and their families to the GBF community during four days of healing, sharing, and team building. Burn survivors shared incredible accounts of their journeys during "Pass the Mic" sessions. These sessions and other therapeutic activities, such as hiking and arts & crafts, allow attendees to gain confidence and bond with others.

The Humanitarian Assistance Manual

GBF's Humanitarian Assistance Manual (HAM) is a step-by-step guide on how to aid people in need of medical attention, support and care in the U.S. and other countries. After a decade of providing critical information globally, the new updated print, mobile and online versions (soon-to-be-released) provide access to a comprehensive directory of resources for managing medical emergencies and logistical challenges that global and local caseworkers face.

Your tax-deductible donation supports one or more of these programs. Help GBF support our community and provide needed relief for burn survivors and their families.

*2019 Family Burn Survivor Camp
Attendees and Volunteers*

Other GBF programs:

- Stop Violence Against Women & Children Globally
- SoCal Burn Survivor Support Groups
- Burn Treatment, Training, and Telemedicine

With Much Gratitude,

THE GROSSMAN BURN FOUNDATION

YES! I want to help the GBF accomplish its mission around the world.
